

## CENTRE OF EXCELLENCE(COE)

Transferring every challenge into opportunity, seizing every opportunity for achieving perfection for imparting vocational training we offer with a commitment to excel , by close link between industries communities, Institutes and other training providers, with a aim to meet the needs of the hour.

Centre of Excellence will work as a hub to focus on specialist vocational training across a range of new and traditional occupation and will be innovative in delivering training so that employability including self employment will increase and simultaneously industries needs will be also fulfill and productivity will also increase so that growth of economy can be achieved.

### Objective of the Scheme:

The main objective of the scheme is to upgrade existing ITIs into " Centre of Excellence" for producing multi-skilled workforce of world standard by

- Introduction of new multi-skilling modular courses as per needs of industry and to provide employable skills. Improvements of physical infrastructure facilities like buildings, equipments etc.
- Adoption of new training technology with close involvement of industry and other stakeholders in planning and implementation of training programmes
- Empowering these centers by provide sufficient autonomy in academic, administrative, financial and management matters.
- Generating Income and investments for institutional developments.
- Introducing short term training programme for industrial /service sector personnel as per specific requirements.
- Building up partnership with near by industries and setting up of Institute Management Committees (IMC) to make training wholly demand driven.
